

WIN Local Experts

We recognise that whether travelling for corporate or leisure purposes, clients may need advice or assistance when in a destination. This can vary from a transfer with a driver who speaks their language to booking a sightseeing trip or organising a company's annual conference. WIN has a network of Local Experts to help clients experience the best of any destination.

The WIN Local Experts Programme:

WIN is delighted to offer you access to our collection of the finest Local Experts in a wide range of destinations around the world. Whether it's a simple hotel stay with some special extras, a private driver or translator, helicopter transfer, local sightseeing tour or tickets to an event or show, our experts will delight in assisting you to ensure your every need is met and your expectations are exceeded.

Our Local Experts are also available to assist with meetings, incentives, conferences and events including recommendation of venues, site inspections, ground logistics and supplier negotiations to name just a few of the services they can assist with. In each instance they offer a personal service and can cater for the most challenging needs.

From ultimate luxury with private tours through to providing local information, contacts and support, there is nothing to test our local professionals or the knowledge of their destination.

The key benefit to using our experts is the local assistance and advice that they can offer. From booking additional tours to support with local issues, clients will never be without a local contact and can travel in comfort and with peace of mind regarding their wellbeing.

We have the world covered and are happy to assist with contacts for dedicated Local Experts in locations all over the world
